

Right to Work checks for crew, built into KEEP

Digital checks run by a UK government-certified identity service provider. Crew complete them on their phone in minutes.

HOW IT WORKS

1

Send

Add crew to your KEEP project. Each gets a secure check link by email.

2

Verify

Crew photograph their ID and take a selfie. Liveness and face-match checks run automatically. Non-UK and Irish crew add their share code in the same flow.

3

Report & store

A PDF report is saved to your company's KEEP account and held for 2 years after the engagement ends.

Your team never handles crew IDs

Crew upload their documents directly. No passports or ID copies in your inbox, drives or spreadsheets.

Records kept across projects

Checks from all your projects are stored in one place in your company's KEEP account, against each crew member's email.

Reports held GDPR-compliantly in KEEP

Encrypted storage, role-based access and a full audit history.

Previous checks flagged automatically

KEEP flags crew who have already been checked, so your team sees their status at a glance.

Up to 100 credits

£8 per check

Prepay for exactly the number you need, from 1 to 100 credits.

250 check bundle

£6.50 per check

£1,625 prepaid. Adds 250 credits to your organisation.

500 check bundle

£5 per check

£2,500 prepaid. Adds 500 credits to your organisation.

✓ Certified check for UK & Irish passports

✓ Home Office share code check

✓ PDF report on every check

Buying credits

All credits are prepaid. Choose your amount or bundle and we invoice your organisation. Once paid, the credits are added to your organisation's account for anyone on your team to use, and are valid for [12] months.
